There's something undeniably magical about Los Angeles—be it the Hollywood glamour, the stunning sunsets, whimsical beaches, cutting-edge art, abundant nightlife or plethora of dining options, LA is a city looking to inspire. As the epicenter of the entertainment industry, it's no surprise that Los Angeles' hotels are setting new standards for luxury, bringing bespoke to a new level with hideaways both new and established. From the beaches of Santa Monica to the late night haunts of the Sunset Strip and the luxury capital of Beverly Hills, here are the top Los Angeles hotels for 2017.

2 *Montage Beverly Hills*

Located in the heart of Beverly Hills, the **Montage** is a staple of true Los Angeles luxury. Offering the ultimate in decadence and sophistication, the property lives up to its prestigious location, as one of 90210's most fabulous hideaways. Rooms here are incredibly spacious, exuding vintage Hollywood style perfectly complimented by modern grandeur.

Dine at the hotel's fabulous new restaurant, Georgie, Geoffrey Zakarian's new LA-based modern American concept, or retreat to the 20,000 square foot spa for the ultimate in relaxation and rejuvenation. Soak up the sun in a private cabana at the rooftop pool and enjoy signature smoothies and craft cocktails - you might just find yourself face-to-face with heaven on earth—or the cast of your favorite film, who likely could be staying there on a press tour.
