Pacific AquaTech, Inc. worked closely with the architect, WCIT Architects and the landscape architect McCelvey Associates to develop the resort's water amenities. The intent behind the design was to create a resort pool area that utilized water and tropical landscaping, creating an oasis that reflected the traditional Hawaiian concept of Ahupua'a—the division of property that followed the watershed from the mountains to the ocean. With the sloped topography of the site and the panoramic ocean view, the Ahupua'a concept was tastefully integrated into the project.

"Utilizing the beautiful tropical surroundings to complement the existing design, enhanced pool lighting and new poolside furniture and amenities were added, providing Montage guests and residents with a truly unique and world class experience," comments Bill Claypool, executive vice president of development at Montage Hotels & Resorts.

The design concept included river elements connecting private coves and grottos, providing intimate areas hidden within the rockwork and lush landscaping, the soothing sound and texture of falling water, and the opportunity for guests to enjoy a variety of settings to relax and enjoy. montageresidenceskapaluaabay.com, pacificaquagroup.com, wcitarch.com, mccelvey.com 

RESORT LIVING

Hawaiian lifestyle at its finest.

BY MELISSA C. GILLESPIE

➔ At Montage Kapalua Bay on the island of Maui, the spirit of Hawaii merges with a true sense of balance and harmony. Set beachfront atop picturesque Kapalua Bay, the 24-acre resort is the ideal destination to experience "aloha."

To fully embrace the lifestyle, own one of the Montage-branded residences at Montage Kapalua Bay. Designed for living rather than visiting, each ocean view residence is a treasure, offering generous private lanais and expansive interior and exterior floor plans.

Homeowners and resort guests enjoy

a diverse range of activities and amenities—from beachside yoga and poolside lounging to private chef experiences and onsite cultural experiences.

To create the resort lifestyle, Montage Kapalua Bay engaged Pacific AquaTech, Inc. to design the numerous pools, spas, and water features at the resort. Included in the design is a 1,600-square-foot adult pool, an 8,000-square-foot multi-tiered resort pool, multiple spas, the spa's water features (which includes a lap pool, men's spa, women's spa, and family spa), and the beach club's pool.
