

Bluffton Drive Itinerary

Explore historic downtown Bluffton, an easy 20 minute drive from the resort in your Cadillac. Along the drive out of the resort take in the arching oaks over Old Palmetto Bluff Road.

As you drive along May River Road toward historic Bluffton, this too is a beautiful stretch of oaks with glimpses of the marsh. This road is protected as a historical roadway and will remain as you see it today.

Venture over to Calhoun Street, the hub of historic Bluffton.

Park along the street (don't look for a meter, parking is free in our quaint little town!)

Wander along the streets visiting the art galleries, Society of Bluffton Artists, Pluff Mudd Art and Maye River Gallery are just a few.

PALMETTO BLUFF

For shopping there are an array of fun and fashionable boutiques, Gigi's Clothing Boutique, Mameem & Maude and the Bluffton General Store are good places to start. Local artist Jacob Preston's pottery shop is a must-visit – if he's not there, all items have prices and you can leave a check or cash, yes, they've been operating like that since Bluffton was only 1 square mile!

Take a ride on one of the Bluffton Bike Taxis around town and get a little history tour in the process.

After all of this exploration, you have surely worked up an appetite, visit FARM Bluffton or The Pearl, two of our most highly recommended restaurants, both operated by chefs with a connection to Palmetto Bluff.

Experiencing Bluffton can be a quick 2-hour jaunt or a day of exploration in the luxury of our Cadillac drive experience vehicles.
